St. George, UT 84770

Gentlemen:

On behalf of Snow Canyon High School, we would like to thank the Utah Legislature, especially our local Senator and Representatives, for your continued support of funding for the School Trust Land.

We, the Snow Canyon High School Community Council ("Council"), are tasked with the responsibility of overseeing the distribution of funds provided by the School Land Trust Program. The Council is very careful to make sure the funds are spent appropriately to positively affect the learning of the most students possible and enhance their academic excellence.

The school was provided with approximately \$137,000 which we voted to use in the following manner: update the computer lab, pay for a piano accompanist, Hope Squad activities, and alleviate class sizes by helping to fund 2-first year teachers to replace retiring teachers. We are also very excited to continue approving funds for the use of an At-Risk Mentor/Intervention Specialist for students who are in need of mentoring at the school. This has been a great asset to our school in helping at-risk students bring their grades up so they can graduate from high school. We know these materials and additional support will aid the progress of students in test scores and classroom success.

School Trust Land funds have a direct and positive impact on our students.

We look forward to your continued support of the School Trust Lands and the students of Utah. Your support does make a difference.

Sincerely,
SNOW CANYON HIGH SCHOOL COMMUNITY COUNCIL
