- **PTSA** – Each and every year the PTSA at Snow Canyon High School is very involved. The PTSA supports the students and faculty in several ways. During the week of registration, the PTSA is handing out lockers. They thank our teachers and staff for the great job they do by providing a lunch and birthday remembrances. Reflections, Battle of the Bands, and cotton candy sales at outside events are just some of the opportunities they provide for the students. The PTSA would like to thank all those families for their support over the years. We would ask that you continue that support by becoming members of the PTSA. You can buy memberships for both you and your students when paying school fees on Powerschool.
