### Registration Directions

On the reverse side of this form, please circle classes totaling **EIGHT (8) credits**. The number of credits is in parenthesis next to each course. Please note, that although Seminary does not give school credit, it should count in your total of 8. Please also list alternates in the space provided in the left bottom corner of the form. Do not write in alternates that you have already circled in the other sections. If you do not choose a sufficient number of alternates, you will be placed in classes where space is available. Course descriptions can be found on the SCHS Counseling website **[www.snowcanyoncounseling.org](http://www.snowcanyoncounseling.org)** (click Courses, then Course Catalog)

**BOLD** classes indicate Concurrent Enrollment (student may receive high school and college credit, also requires registration through Utah Tech or Dixie Tech)

\* Indicates a Pre-Requisite is required. Pre-Requisites are found in the SCHS Course Catalog under the course listing. (Click content area heading, then scroll to find the course)

**In order to graduate from SCHS, you must earn 27 credits INCLUDING the following:**

**1.5 credits of Fine Arts    1.0 credit of Career Technology    .50 Digital Studies    .50 Financial Literacy**

**Additional Credits to get you to a total of 27**

Public Education Online: The statewide Online Education Program ([www.schools.utah.gov/edonline](http://www.schools.utah.gov/edonline)) allows students to earn high school graduation credit through online providers. Students may access high quality online learning regardless of where they attend school, language, residence, family income, or special needs. This program allows students to acquire knowledge and technology skills for a digital world. Students can utilize technology to customize education and to learn in their own style, at the own pace. They can access learning virtually at any time and in any place. Students may accelerate academically. They can customize their schedules to better meet their academic goals. Quality learning options better prepare students for post-secondary education and vocational or career opportunities by allowing them an individualized educational experience. \*Course descriptions can be found at [hs.utahonline.org](http://hs.utahonline.org)
